

Remote Target

```
graph LR; P[Power 9v Battery] --> RTR[Remote Target]; RTR --> XN[XBee SC2 Network Node]; XN --> RTR; XN --> S[XBee Network Messages Sent]; RTR --> R[XBee Network Messages Received]; R --> XN;
```

The diagram illustrates a 'Remote Target' system. It consists of a large light blue rounded rectangle labeled 'Remote Target'. Inside this rectangle is a smaller yellow rectangle labeled 'XBee SC2 Network Node'. Two horizontal arrows enter the 'Remote Target' box from the left: the top one is labeled 'Power (9v BATTERY)' and the bottom one is labeled 'XBee Network Messages Received'. Both arrows point to the 'XBee SC2 Network Node'. From the right side of the 'XBee SC2 Network Node', a single horizontal arrow points out of the 'Remote Target' box, labeled 'XBee Network Messages Sent'.

Power (9v BATTERY)
